

To thank HE Tenzin Yongdzin Namdak Rinpoche for having granted us with the initiation of the Medicine Buddha, Sangye Mänlha, we decided to offer him a gift in the name of all. The idea was to offer something authentic, beautiful, useful and symbolizing the uninterrupted tradition, in this case, a French tradition. Our choice settled on a complete coffee service in Limoges porcelain from the Haviland house. The gift was purchased before and offered to our Master, at the end of initiation.
